

Case Study

Project: Rainford Solutions feature in the
1,000 Companies to Inspire Britain List

The UK's 1,000 most exciting and inspirational companies:

Rainford Solutions are proud to announce that they have been included in a league table of Britain's most exciting and inspirational companies in the UK, compiled for the London Stock Exchange.

Over 30 years of expertise:

Established in 1982, Rainford Solutions is a world-class UK based designer and manufacturer of standard and bespoke indoor 19" racks, accessories, indoor cabinets, outdoor electronic enclosures and cable management systems through to complex bespoke integrated solutions. Rainford caters for a diverse client base across a wide range of industries, supported by an extensive in-house design, engineering and manufacturing capability.

All Rainford Solutions products are designed and manufactured at their UK manufacturing facility located in Rainford, St Helens.

As a UK based manufacturer with a strong customer service approach along with an enviable reputation within the standard and bespoke enclosure market.

Rainford are extremely proud to be listed as one of the 1,000 dynamic companies in the UK who are helping to shape the long-term growth of the UK economy.

The outcome/benefits:

- ✓ 1,000 Companies to Inspire Britain List
